

NADALINI GLOBAL, INC.

The Sovereign Standard in Logistics & Supply Chain Coordination

COMPANY OVERVIEW

Nadalini Global, Inc. (NGI) is a federally registered, licensed freight brokerage and logistics coordination firm specializing in transportation management, supply chain support, and freight movement solutions for government agencies, prime contractors, and commercial enterprises.

As an active System for Award Management (SAM) entity, NGI delivers compliant, cost-effective, and scalable logistics solutions designed to support mission-critical operations. We serve as the strategic coordination hub between shippers, carriers, and stakeholders, ensuring freight is transported efficiently, securely, and in accordance with federal and industry standards.

Our approach combines operational excellence, regulatory compliance, and proactive communication to provide clients with reliable transportation solutions across domestic and international supply chains.

MISSION STATEMENT

Nadalini Global, Inc. delivers compliant, reliable, and strategically coordinated logistics solutions that strengthen supply chain performance, support mission success, and create lasting value for government and commercial partners.

Nadalini Global, Inc. is an Equal Opportunity Service Provider and maintains active registration within the U.S. Government System for Award Management (SAM) for federal contracting opportunities.

CORE COMPETENCIES

Freight Transportation Coordination

Comprehensive coordination and management of freight transportation services supporting federal, commercial, and industrial requirements.

Third-Party Logistics (3PL) Solutions

Strategic transportation planning, shipment execution, carrier management, and supply chain optimization tailored to client operational objectives.

Carrier Qualification & Compliance Management

Rigorous verification of carrier operating authority, insurance coverage, safety performance, and regulatory compliance to reduce transportation risk and ensure service integrity.

Multimodal Freight Solutions

Coordination of Truckload (TL), Less-Than-Truckload (LTL), expedited, specialized, and multimodal transportation services across domestic and international networks.

Logistics Operations Support

Shipment tracking, freight analytics, transportation reporting, route optimization, and administrative logistics support designed to enhance operational efficiency and supply chain visibility.

DIFFERENTIATORS

The NGI Fortress Standard™

A disciplined operational framework emphasizing compliance, accountability, and transportation excellence throughout every phase of the logistics process.

The Sovereign Registry™

NGI maintains a highly vetted network of transportation providers that meet stringent standards for safety, insurance, regulatory compliance, and operational performance.

Compliance-Driven Risk Mitigation

Our carrier selection and verification processes exceed basic industry standards, helping clients reduce exposure to negligent selection risks and transportation-related liabilities.

Transparent Communication Protocols

NGI provides clear, responsive, and professional communication throughout the shipment lifecycle, ensuring stakeholders maintain visibility and confidence from pickup through delivery.

Global Reach, Domestic Expertise

Headquartered in the United States, NGI coordinates freight solutions throughout North America while supporting international import and export logistics requirements.
